

Editorial Contact Team

If you are writing an article about scrap metal and recycling, including:

- The benefits of recycling and “green” business practices which results in the reduction of waste materials going into landfills.
- Increases in scrap metal theft and pro-active measures scrap recyclers have instituted to keep criminals from selling stolen materials to them.
- How scrap recyclers work with local law enforcement agencies to reduce scrap metal theft.
- How scrap recyclers accept, sort, shred, shear and chop scrap material to prepare the material for sale to a foundry.
- The benefits of remanufacturing and its effect on the environment.

Since it began purchasing scrap metal in 2004, AAEQ Manufacturers and Recyclers has grown to be one of Las Vegas’ leading full-service scrap recyclers. The company purchases and processes many forms of scrap metal (ferrous and nonferrous) including aluminum, brass, cast iron, copper, and stainless steel.

AAEQ Manufacturers and Recyclers is a comprehensive company that provides leadership in the automotive remanufacturing, manufacturing and recycling industries. Family owned and operated since 1949, AAEQ is known for its outstanding customer service and high degree of integrity. It tailors its services to meet the needs of each customer group while serving a diversified business model under its AA Midwest and EngineQuest (EQ) divisions.

AAEQ can supply you with the expertise you are looking for when writing articles. Just call or write Scott below to provide a quote for your article, or just to offer a “state-of-the-industry” viewpoint.
